Mexico - Italy

Bless you, dear Brother,

Greetings from Italy.

God gave me another opportunity to hug my dear Mom, my two brothers and all the beloved people of God in my home land.

Since I arrived it did not stop raining every day. What a blessing to see all this water coming down after all the drought in north Mexico.

People here look at me ready to chew me out when I say what a great day it is. They are so tired of rain.

Spiritually speaking, the situation is very tragic, you can see so clear the spirit of the antichrist is so present. People are like robots. Materialism is killing them. They have lifeless eyes and a strong anti-Israel spirit. Their minds are in a fog and they just can't see anything of a spiritual nature.

It was so refreshing to visit the missionary team which originated in the USA. God used this team to save me 30 years ago. Some of my spiritual teachers and fathers are still there, faithful to God's calling.

Here, in Italy, I am preaching almost every day. Also, I have been to two funerals. Two precious people whom I loved went to be with the Lord. One is my young brother's father-

in-law and the other is my best friend's mother.

Meanwhile, in Mexico, our team is painting two of our old buses (museum pieces) and they are preparing all the equipment for our next tent campaigns, Lord willing.

In 4 weeks, Lord willing I will be back continuing my mission field in Mexico as God entrusted to Wendy & I a long time ago.

Please pray for us. Wendy was not able to come to Italy.

Stand with us in prayer and love as we stand by you all as well.

Be blessed as Jesus has graced our lives,

Renato and Wendy.
