Mexico

Dear Believers,

May God really bless you all.

Hope and pray you are well and safe, thank God we are, even in the middle of an area where people disappear almost every day.

Brand new musical equipment

Yesterday I went to visit a precious old sister in the Lord, with tears in her eyes and a broken heart, 4 of her family members (a son, a grand son and two nephews) disappeared just 15 days ago.

Compared to this, the flu situation is just a joke. We do not even pay attention anymore to the flu. Thank God we are all OK.

Many times over the years, I've felt like a fire man, when everyone else is fleeing the fire, we rush in.

From news we are getting, 80% of the American outreaches to Mexico for

the summer 2009 have been cancelled because of the flu "epidemic". Now is the time to show God's love and faith!!!

If you have ever had plans to come, now it is the right time, the need is great, and I believe with all my heart that we can be in the most dangerous places but, if we are in God's will, nothing will happen. Conversely, we can be in the safest places but, if we are not in His will, we can find ourselves in hot water. Amen.

We are right in the middle of another tent campaign. Besides the dust all is well. God is doing what he does best: saving precious souls. Amen.

Praying for a better Mexico.

Pancho, our electrician and best cook.

Our previous campaign involved two villages: one called San Isidro and the other called Santo Tomas.

You might envision this area as a paradise. No way! These small villages, though named after saints, are like hell. This is no joke. And now, God has given us much to do. We are very busy here. God has placed us here to reach the blind and lost.

Enjoy the photos and do not forget to pray. Thank you so much for your prayers and support.

In HIM,
