Dear Friends in Christ,

Bless you all, in Jesus' Name.

Thank God for the blessing of serving in the mission field. People frequently ask me why I still continue in my missionary work. Why don't I relax and open a church somewhere since I have years of experience in the mission field....and so forth.

Well, my answer is that everybody is called by God and must do what the Lord has called him to do.

Honestly, I do not see myself ministering 10.000 times to the same people who, after a time,

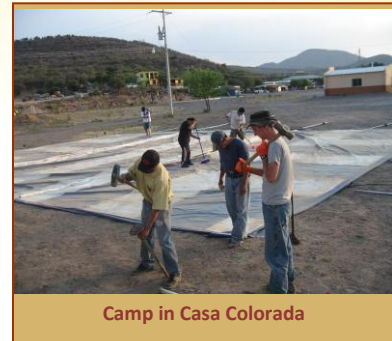

become like stone monuments singing: "I will not be moved...". I would soon lose my patience soon in such a situation. This is my way of being a "do-er of the Word" and not just a "hearer".

What a blessing it was this past Sunday to join forces and faith with brother Ellis and his team coming from Rio Rancho, NM, and a local church band, to bless 450 people (230 inmates plus visiting families), in the State prison of Cuauhtemoc. A total of 450 meals were given out accompanied by good Christian music and preaching.

Many prayed for salvation and inmates who became believers were encouraged greatly. Lord willing, we will visit soon another prison with the same blessings.

The tent campaign in Tierra Nueva ended last Sunday. God did wonderful things: He saved the lost, re-joined disintegrated families, and "resurrected" a pastor and his church that went through hell just few weeks ago. About 250 children attended the kids special day. Blessed be the Lord.

We eat a lot of dust in those 20 days of campaign. No complaint...it is better than bullets.

Just yesterday we moved to a little village of about 200 souls called Casa Colorada. This is the first time we are here, and guess what? There is not one Christian in this place. We are praying and working together with a good Christian friend to open a church in this here. Amen.

Please, keep all of us in your heart.

Thank you so much.

Be blessed.
