**Dear Friends in Christ,**

May God continue to bless you all abundantly.

Thank God we are in the middle of our 6th tent campaign of 2011. The actual one is, as usual in this part of the year, in the property of the railway station.

The battle has started already. Believe me, it is all worth it! More than 200 people are present every night, and God is moving beautifully.

The needs are exhaustive, but we thank God for all of you who are helping in different ways.

Mexico? I believe that what is happening in Mexico and other nations, has a spiritual root. When a large part of the church becomes arrogant, materialistic, vain, and comfort oriented the church loses its humility and its sense of serving and glorifying God, then God must do something. It is just my opinion.

Sadly, very few are involved in the

great commission. It is so common to see Jehovah Witnesses and Mormons going around all over. But it is so rare to see Christians doing the same. The Muslim world is upside down. Pray that the body of Christ will take the challenge. Multitudes of young Muslims are disorientated and waiting for some good to "eat".

There is no question in my mind that evangelizing the lost is still the priority in God's heart: "When the church stop to seek the lost, the church is lost."

We thank you so much for helping us in this mission. Please know that without you it will be a lot more difficult. Why? Because God is using you in prayer and support.

We have the vision and God's anointing, you have the rest of the needed tools, God will complete the work.

Your help, allows us to touch lives, to reach precious souls with the love of Jesus.

Thank you so much to make our

vision reality.

Greetings from all of us.

Until He comes, or will call us to His presence. Thank you so much.

Be blessed.
