Dear Believers in Christ:

May God continue to be gracious to all of you.

We are having, probably the most blessed campaigns of the recent years. There is a beautiful awakening for the things of God all around, and we are taking full advantage of it.

Also, pastors and ministers are blessed to come out and join forces with us to reach people for Jesus.

At the end of the last campaign, one pastor, who was present at every single meeting, day or night, told me: "Que bonita experiencia!" (Translation: "What a wonderful experience!") This pastor was so excited that he helped us drive

one of our vehicles to the next destination!

He also told us that is eagerly waiting for us to have another campaign next year, And he

was not the only pastor to say that! Praise the Lord!

In my humble opinion, all doors are so open (streets, houses, prisons, hospitals, plazas, etc.) that it may be one the last opportunities before the end.

Thank you so much for your very appreciated love and support.

Love and prayers.

Renato and Wendy

There is still hunger for the bread of life. Amen.

It felt so good to pray with people in the street It is just special.
