Dear Friends in Christ:

Greetings in Jesus.

Here we are still alive and in good health, thank God, ready to re-start the mission work in Mexico, where the situation is about the same.

We believe that we will have tremendous campaigns, due to the today situation, where the multitude are so disorientated and scared. What an opportunity we have to give them the only and right answer: Jesus!

I am so grateful to God and all the precious brethren, for the time I

spent in Italy. It was a busy but very refreshing time. The spiritual and the material needs are huge also over there, and in all Europe.

The word "crisis", may be translated in that the rich countries are paying the price of all the years spent worshipping the "material gods", using all kinds of drugs, continually sinking down in gross sins and being careless about the needy and starving people of this dying world. I do not know, but something is going terribly wrong. We all know that. And the authorities do not know what to do, or maybe that they know it very well: preparing the way for the anti-Christ.

A few nights ago, God woke me up at 2 a.m. and spoke to me about things that I would like to share:

Criticism and internal conflicts are killing a good part of His people. Too much spiritual and doctrinal abuses and manipulations going on. Please read: 1st Peter 3: 22; Romans chap. 13; Isaiah 40:1-5; II Chronicles 7:14; Psalm 144:15; Isaiah: 9:2; II Timothy 1:15-19 .

To close, Do not let those things kill you. Believe, my brother, believe. God is in full control and he is ready to return. Believe that He is more than able to cast away those who are false, and to embrace and bless those who are walking with Him in holiness and truth.

Love you all.

Preaching in a church in North Italy.

While in Europe I asked my son to go to Auschwitz, and he took some photos.

Never again.

Look at this secular olive tree. Does it remember you something?

Altar Call

Bro. Angelo (1st from left) pastor of a super blessed church in N. Y., was called home by the Master. It was a joy to meet him in one of my mission trip in 2011.
