### Dear Friend in Christ:

May you all find refreshment and pleasant rest in the hands of THE FATHER. If you do not know where to find it read Exodus 33:14, Matthew 11:28-30 and Psalm 91.

In the last 2 weeks I have been counseling several people including married couples with unbelievable stories and problems of all kinds...these are beloved christians that you would never imagine what they are going through. We also received a loooooong list of prayer requests from all over.

Looking for God's presence.

And to complete the picture, we also had problems with our vehicles.

We are at the end of our 2nd tent crusade. When we arrived here at our present location we were met by the news that two decapitated women's bodies (mother and daughter) just 3 blocks away from our location.

Later on, two policemen came to the meeting. They prayed for salvation and asked earnest prayers for all the police officers. They are all in danger of loosing their lives.

Soon we realized to which kind of crowd we suppose to minister to.

The result of all these has been a mental and a physical toll -- a drain of energy. Each day we finish exhausted but with much peace in our hearts from the Lord knowing that we are in the right place, and directed by God's hand.

We also realize the importance of continually obedience to our loving Lord. He is the spring of

life all the time. We are blessed to be able to continue serving and ministering in His name.

We need three things from you: love, prayers, and support. Please do not stop doing your part.

Love you all.

Sincerely,
