March, 2015

Greetings in Christ:

Bless you all in Jesus' Name. May God's powerful hand be upon all of us.

Generally looking, all seems so tragic and negative, but spiritually looking, we can rejoice and be motivated to be more holy and active in God's business, all these events tell us that our dear Jesus is coming.

For sure we cry with those who cry but, sadly, there are so many. In the other side, we rejoice to have the privilege and the responsibility because God is still keeping us in His service. It is very sad that many will understand this when it is too late.

Be encouraged, my dear brother, that each one of us along with each person to whom we present the Gospel message is daily before our Father, He will not forget any of us.

Right now we are busy preparing all the equipment for this tent season. We are buying another truck and replacing all our 28 year old, rusty chairs. We want you to know that any prayers and assistance will be greatly appreciated.

We do not neglect the spiritual work, and the needy. They always will be priority.

March 7, 2015, marks our 28th year of ministry in Mexico. May God bless you for your help over these years. You have a part in this harvest of love.

Love you all.
Renato and Wendy
