Brothers in the Gospel of Christ:

May God continue to bless and protect all of you.

Thank God, after stormy times, we feel a lot better and relieved.

This does not mean that the danger is gone, but we know that God is our protector. And the local Christians are at work, as we go on with the preaching of the Gospel. For sure, it is disconcerting to know that somebody armed is after you.

Concerning preaching the Gospel: it is not reading a book, checking the internet, and then running to a pulpit to preach. This perception is terribly wrong. Very few people are able to see the spiritual tragedy the world is going through, and fewer, still, do something about it.

We already started the 9th campaign of this year. It seems like the the older we get, the more God has for us to do. (2 Corinthians 12:10).

Please pray for the Urrutia family, as you can see from the photos, Pastor Urrutia had a bad accident. Thank you.

In the middle of such uncertain and confused times, one thing is clear: Serving God is the best purpose we can have.

Thanks for helping us in doing it.

With Love and prayers,

Renato and Wendy

Mennonite Christians came to prepare food for everyone.

Preaching in a church. On the wall: "He is here."

Back to school, helping needy kids.

The tent in a village of 105 people, that night we had 200.

Visiting Pastor Urrutia, his van flipped over 7 times. He is so grateful for life.
