Friends in Christ:

God bless you all.

Times do not tell us anything good, but the Bible does...

Christ is Coming.

Even few Christians see that. People everywhere can become very "busy" in political elections.

How God looks at this I do not know. But for sure I know that He said through a prophet, many years ago:

"Cursed is the man who trusts man..."

I do believe that Christians have to participate to the social life, doing all its best to make it better, but some time, too much is too much.

Scriptures tells us "...The wise man, wins souls" (Prov. 11:30), and this is what we are trying to do.

Right now we are in a small and terrible village, full of darkness and violence. After a few days of meetings, it looks like that the Spirit of The Living God is taking control cleaning the air, breaking

chains and destroying walls. Amen! God is our strength.

Two Mennonite young men, asked me last night, why every time they were coming to this village in the past, something happened all the time: flat tire, engine problems, etc. and now no problem? I told them why, God honored their faithfulness.

We can just breath better now. Praise The Lord.

Thanks for standing by us. Love you all.

All our travelling and labor bears fruit for the Lord

Our precious Mennonite brothers came to help.

Praying before starting the 1st meeting.

A Mennonite church choir, blessing the crowd.

While in Italy I received a message from the young man in a blue shirt, asking me to set up the tent in a village. Now, there we are.

Many, all over are turning to God.
