### Friends in Christ:

May God keep blessing and keeping all of you. We sure need it. Looking around it is what we need most: to be under His safe wings. Amen.

We are very sorry for all those who are suffering and lost it all. That's why we continue preaching Jesus and His salvation. It is the only one reality, who will last forever. No hurricane, no earthquake, no war, can tear it from us. Glory to our loving God!

We continue with proclaiming the Gospel, we've just started our 9<sup>th</sup> tent campaign. So far it has been a race. It is amazing how many places we were able to reach with the Gospel. And it is even more amazing, what God can do, using a handful of believers who take seriously His Word written in Mark 16:15-18 and in Matthew 28: 18-20.

I am convinced that the world needs to see Christians in action and not more religious club meetings. Mathews 5:16 reminds us to do good works so God is glorified by our obedience.

I do not know why God chooses people with a lot of mistakes, facing all kind of problems , just like anybody else, but He does. One day He will explain, I am sure.

We know very well that it is not because we are strong (no way) or special (no way), but all is possible by God's grace and he provides and encourages us by all of you who cares, prays, and supports us. Thank you soooo very much.

Wendy is in Kuwait. Your prayers for her are greatly appreciated.

In Christ,

Renato
