### Friends in Christ:

What a blessing to be alive and under the protection of our Father! Greetings in Jesus.

Sadly in the last weeks we received news about precious Christians being severely sick, or in trouble.

Besides praying, all this will make us appreciate even more a healthy life and over all, the opportunity to serve our God.

Blessed are those who answer, when God calls. May God help us all to fulfill His will, while it is yet daylight.

We have two big challenges before us. One is the many invitations we receive to have the tent for revival meetings. We regret saying "no" to some invitations but our resources are limited. Only those who have been doing this, know all the effort and faith necessary to accomplish it.

The second challenge is that after a lot of prayers, and counseling, we decide to leave the town of our mission base after 15 years. In spite of the prayers of many, the situation has become too heavy and stressful in the last months.

We have until the last day of this 2018 to do it.

Never have been in our plans to have some too big or fancy. The actual lot is 40 m x 40 m (131 feet

by 131 feet), and we are looking for a lot just about the same.

What we regret is the location, strategically perfect to help and receive needy people. God knows. Your prayers are greatly appreciated.

We hope and pray that you are healthy and blessed.

There are many ways to serve God, and each one of us must know which one is ours.

The door of the ark is still open, but not for too long.

Receive our love, prayers and gratitude.

Renato and Wendy.

A view of the main patio

The side wall

The vehicles get deteriorate in the winter months. First thing i will do, in the new lot, will be to built a warehouse. Lord Willing.

Singing and preaching in a rehab center. We enter in any door that God opens.

Clothing distribution in a very needy village on the Sierra Madre.

The main entrance of the actual lot. 131 feet by 131 feet. (40 x 40 mts)
