### Friends in Christ:

Bless you all dear friends in Christ, Pray you are in good health, both physically and spiritually.

Out of 2.400.000 pesos for our mission base lot, we paid 1.500.000 pesos. Still 900.000 pesos to go.

Next pay, will be, Lord willing, in the beginning of July. Please keep that in mind , thanks.

May God bless and prosper, over abundantly , all of you who gave with love and

sacrifice. God will take good care of you, be sure.

The preaching of the Gospel is a priority in God's heart , and He will always honor, those who honor Him, this way.

The Bible says that the result of our faith, is the salvation of souls, 1 Peter 1:9.

We started the 2019 season tent meetings, and besides the weather still cold, the windy season, and the violence, which is all over now, we are at the front line, where Jesus command us to be. He is the General, , we just follow Him.

People are getting saved, and the church encouraged and edified. All of them are so grateful that we can be there, with them, in their needy and violent barrios.

The remodeling is progressing well, maybe a little slow, but surely. We do not want to be absorbed too much by the physical work, neglecting the spiritual work.

Working while is day,

Renato and Wendy
