September, 2019

Friends in Christ:

May God's grace and blessing be upon all yours.

We can only give thanks to our dear God for His great love and faithfulness.

The little house on the prairie

He gave us the grace to accomplish 12 tent campaigns, some in very dangerous places, but His protection, has been, always more than enough.

Many received salvation while some Christians

renewed their love and commitment with God and His kingdom.

The other marvelous news is that the mission base is totally together with the notary fees. Thank God and thanks for the generous gifts and prayers of all who gave with love and sacrifice. What a relief!

The growing ladies group in Los Adobes.

Now we can continue to serve with more peace and tranquility. Thank you so much for helping us, in this sublime task.

The best way to show our gratitude, is to continue serving in the work that God has entrusted to us more than 40 years ago.

And we pray for you, that God will keep, protect you,

Ladies conference up on the mountains, organized by a Mennonite church.

knowing that He can bless and prosper the work of your hands, always.

Because we have some money left over, we will use it for property improvements and for the yearly distribution (already started), of back packs, school material and blankets.

At church, God's people first.

Wendy, with camper in Los Adobes, visiting also 3 more villages with no believers, no churches.

In the beginning of 2019 I mentioned that I was going to Italy in March, but due to moving our missions base and raising financial support I was forced to change the date. During this time I also had a bad case of laryngitis. It was just not the time.

Now, thank God, I will go, Lord willing, on October the 1st. The airfare was paid by a good friend from a church in El Paso, TX.

God has granted me the opportunity and the blessing to visit my family and the Body of Christ. My schedule is already very busy. Last time (4 years ago) I was there for 70 days, and preached 72 times!

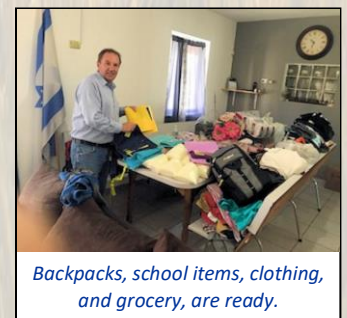

During this time Wendy will have a ladies conferences in Phoenix and Seattle besides her activities in some villages in North Mexico. (See photos).

We thank God to allow us to serve. And we thank you for your prayers and support.

Sincerely,

Never neglect needy people.

Backpacks, school items, clothing, and grocery, are ready.

Renato y Wendy
