Brothers & Sisters in Christ:

Blessings to all of you in the Name of Jesus.

What a world! It looks like nothing is working right for those who told God: "Step aside, we can do it by ourselves".

And that is the real tragedy, as it is written in Isaiah 48:22. The blessing for those who believe in Him is written in Psalm 119:165. Thank God we are in the right side.

With these Scripture I want to encourage , those of you, who

are maybe a little confused or afraid of the current world situation and about the future.

We would like to urge you to do what you can to tell the Gospel so that as many as possible will receive salvation, before the end comes.

Be confident, my brother, God is in control. He knows. He sees. For now, maybe He is watching, later He will act.

In many nations, events of all kind, have been cancelled or prohibited. For now, here in Mexico, there is no such thing, but it may happen. We are ready. The Gospel will not stop. Will keep you updated.

At the base we are very busy building a warehouse to be used for vehicle and equipment storage. Other precious Christians are transferring the mobile kitchen, the shower and the laundry room, from an old truck to another.

By April the 1st, the date we will star our tent campaigns, we should be ready. Please pray for helpers according God's heart.

With our hands on the plow, until he comes or will call us to His presence,

Renato and Wendy
www.citrmexico2.org

Construction of the warehouse is progressing.

In a mission conference

Motivating Christians to pray, give, & go.

Part of the mission work

Kitchen, shower, and laundry truck is almost ready.

Partially inside.
