Brothers & Sisters in Christ:

May God continue to take good care of all of you.

Right before our eyes we can see the world is regressing. Sound doctrine & morality is fading to a new world view. It is very sad but we know these are some of the clear signals of the end times.

There is no reason to be worry, or be confused or afraid. Jesus commands us to look up above because our redemption is near.

We are praying for the USA with all our hearts while in Mexico there is a lot of confusion about what to do. Many pastors are afraid to open the churches.

We were going to set up the tent this Monday June 8, but as I suspected, the date was postponed again. The new "official" opening date for churches (and us) is June 14th.

Because of your faithful prayers Wendy has been feeling good these recent days. Thank you.

In the last two weeks God answered one of my most fervent prayers: an opportunity to preach the Gospel to the Muslims.

Although I did not go to Saudi Arabia, I am here taking care of Wendy while coordinating the work in Mexico. However, I am also ministering in different countries via social media. God is doing great things. No matter what, the message of the Gospel continues.

A little comment I made on a Muslim YouTube video has opened a huge door to present Jesus to at least 4000 Muslims, and it is still going on. Praise God!

We have no excuses. There are many ways to serve Him, even from wherever we are.

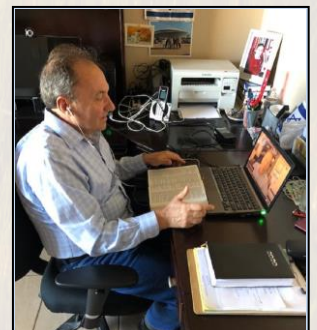

Thank you, for your faithfulness even in the middle of this severe crises. May God supply all your needs, yes He will, and may He, keep all of us, until the day of Jesus Christ. Amen.

With sincere love and prayers,

Renato and Wendy
www.citmexico2.org

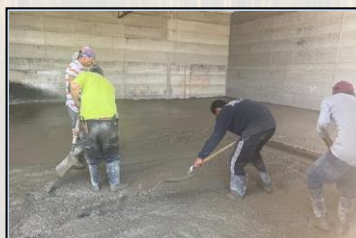

Waiting for Wendy, outside the hospital, I was called to go to the emergency to pray for the family of my good friend Martin, who passed away. Hard times.

Even so, the Gospel is preached, using anything possible.

Sefora's graduation! Homemade little party.

The construction of e warehouse at the base is coming to a conclusion, thank God.

Spending quality time with Wendy and daughter, who came to help mama in this difficult time.

Wendy does her part. Glory to God.
