Brothers and Sisters in Christ:

Greetings in the name of Jesus, our dear coming Savior and Lord.

Storms, storms, and more storms of all kind are invading this tired world.

God taught me, and is still teaching me, to see some good also in the negative.

Studying the Word, we can see that God's purpose, comes out of the storms. These storms surely cause a lot of damage and sorrow. We can see the before our own eyes every day.

To see some good, humanly speaking, we need a torch, to go look for it.

But storms can clear the path before us, purify the air, make trees stronger, make us wiser to face the next one.

The Bible tells us that every man of God, has been through storms. The results? They came out of it, with more faith, more determination, stronger, with less pride, and with more compassion for others. In a few words: *with more love.*

The same will happen to us today, if we only will focus on the goal, and on God's promises.

So, let's take a deep breath, and instead of complaining, which is good for nothing and will take us nowhere, let's accept the reality, let's get closer to God, and let's not forget that: all things will work for good, for those who loves Him….ALL THINGS !!!

In doing so, we will be able to help those who are in despair, in troubles and on their way to hell. So, help us God.

Wendy is doing good. The ministry in Mexico is improving in all areas. Thank God.

Thank you also, for your help and prayers. All is necessary and appreciated.

We love you.
