

In loving memory,
She is greatly missing.

Brothers & Sisters in Christ:

Pray you are all blessed, safe and healthy.

Another year is coming to an end. The key word is, God is not.

Another year of pain, anxiety, tragedy, sorrow for many, including family, friends, brothers, and sisters in the Lord.

May God have mercy and stretch His hands on all of them. Yes Lord, please.

In times like this, it is a super blessing to be alive and healthy, blessing and being blessed.

For us, we have seen a sweet and bitter year. Sweet, because once again, we were able to accomplish God's purpose for our lives. Bitter because, as you know, Wendy is not with us anymore. Even if we know that she is in a place that no human can imagine or describe. We were asking God to give her more time with us, but it

was decided differently and we accept God's will. We have peace and the confidence that God omniscient even if we do not understand it all. He is a good God.

We thank all of you, who in different ways, have been a blessing to us, to the work of God and to the lost, the needy, and to the people of God itself.

Reward is near, very near. There are many ministries worldwide you could have supported. We thank God that you chose to partner with us in bringing hope to many people in different parts the world. We cannot thank you enough. Have a sweet, blessed Christmas. That is our prayer and hope for a better 2022.

Big places, small places,
every soul has value before God.

Fishing for precious souls.

The work at the mission base goes on.

Seeking His presence.

Thank God for our children.

Because of Jesus,

Renato
