Brothers & Sisters in Christ:

Thank God we are still alive, still on our feet, still loving and serving God and people. I hope and pray you are well, blessed, and healthy.

As we see the night approaching, we will keep walking with our heads up, our redemption is near.

In the meantime, we keep looking around us, to see all the tragedies, the needs and the multitudes who are without hope, without joy, without Jesus, and do something about it.

It has been our blessing, joy and pleasure to visit 13 villages and towns with the Gospel of Jesus Christ, using our tent crusades, and it is not over yet.

I have before me a full program and full schedule of mission trips in different places in the USA and Mexico, Lord willing. Please pray.

I am not getting any younger though I trust God for new strength, new energy, and a refreshment both physically and spiritually.

I am so grateful to the Lord, with all my heart, to still be able to wake up in the morning and be able to serve.

Thinking of how many brothers and sisters in the Lord, how many good friends are not with us anymore, and others are in a bed of suffering and pain, my heart breaks and rejoices at the same time.

I hope I am expressing my feelings ok.

I have been meditating a lot in the Psalm 42 lately. It is so deep, so real, so human. And I invite you to do the same, if you will.

Love you all my dear servants of God.

Renato
