March, 2024

Greetings in the Name of Jesus:

In His hands we are safe. What a peace of mind, knowing that God is in full control of our lives.

That peace allows us to go on with life, but not sad and discouraged. Instead we go on with joy and with the blessed hope, even in the middle of hard times that for sure will come.

It's March already, time flies. And we take every moment to pull out the best out of it. Today is the day to enjoy. Today is the day to love and serve God and people.

Many times, we make a common and a horrible mistake: We live in the past, carrying all the hurt, all the bad memories, or we look at the future and we get scared, and, tragically, we forget to live in

the present. Be mindful: The enemy's goal is to paralyze and block us.

In the past two months we have been involved in several evangelistic activities: helping the needy, increasing our outreach, improving the facilities at our base camp, and preparing for our tent crusades which start in April. Lord willing.

By the way, my daughter, Tirsia, is pregnant. We are all joyful. Please pray for the new mama.

By God's grace, we stand firm where God has put us, knowing that time is short and that all around us, there are people struggling with all kinds of tragedies. We have the Answer, we would be the worst criminals if we will not tell them about that Answer: Jesus.

Every prayer, every thought, every donation, will be greatly appreciated.

I cannot thank you enough for making this effort possible. may God bless and reward you, for sharing love with these people.

Renato

Men's meeting In New Mexico, one of the most blessed and anointed I ever had.

Backpacks and school items to a church up on the mountains of the Sierra Madre.

Backpacks and blankets to a church in Mexico, state of Sonora.

Men's meeting in Mexico, God was present, Yes, He was.

Thank God we have Bibles to donate.

We never neglect Mark 16:15.
