Brothers & Sisters in Christ:

Pray all is well in your home, business, and in the church.

Just to be alive and in good health is a motive to be grateful, today. And we are! God is good!

What's happening in the world? It may be a trap to be distracted and worried, we better leave it to the Lord, for sure we pray, and we warn people, but He knows better, we will stay focused on what He told us to do.

After a blessed and fruitful trip to Kansas and Missouri, it was time to enjoy with Tirsia and the family, a simple and blessed baby shower. Yes, she will have the 1st baby soon, Lord willing.

Following a quick trip to Nashville, TN, for Jethro's graduation at Vanderbilt University, as a PhD in Physics. What a brain! For sure, not from me. We thank God for all those blessings.

Back to Mexico, our missionary work is going on nonstop. We are in the middle of our 5th tent crusade. We have been

in remote, small communities, forgotten by men, not from God. No big crowds, but many people hungry and thirsty for God's word and most of all, so grateful that somebody cares about them.

Everybody in this world, deserve to hear God's Word at least once in their life. Everybody deserves an opportunity to be saved. We noticed in one of these villages, that out of the few local Christians, nobody had a Bible. How sad! We gave a Bible to every one of them and also one bible to the local authority called Commisario. When he received the Bible in his hands, we saw tears coming down his cheek. We were not able to hold back our tears either. It was so heart lifting, so blessed.

It feels so good to be safe, forgiven, secure, with a bright future even in the middle of all the storms going on in several parts of the world. Even in Mexico, where death, desperation, sadness, you name it, are the daily reality for millions and millions.

We thank you so much for allowing us to do what we are doing. Your prayers and gifts are vital for our missionary work. May God reward you, keeping you all in His safe hands.

Visit our updated web page, please.

If you wish to donate to our work, on the web you will know how. Thank you.

Working while is day, for we do not know what may happen tomorrow.

For His glory and for the salvation of the souls,

Renato

The urgency of proclaiming the good news, not only by a stage using a microphone...

...To every nation...

...Using every tool that God provides.

What a marvelous blessing!

The welcome gate at our mission base.

We are all so proud of Jethro for his PhD in Physics Thank God.

To the glory of God!
