Brothers & Sisters in Christ:

Greetings in the wonderful name of Jesus, and peace upon all your house and upon the church.

We are deeply thankful to God and to you all, to continue to allow us to go on in the mission field.

Years pass by quickly, I just turned 70, by God's grace, and through the years, we learned more and more about God's and your faithfulness.

Thank you, thank you so much for putting your trust in us all these years, and for the years to come. Lord willing.

Tent crusade n.12 is going on, and we are in a village full of darkness, bringing the light of the Gospel, helping and encouraging the few local Christians.

Still, nobody wants to be pastor in this pace, but we thank God for a young man who took the challenge for a couple of months to be here, hoping and praying that God will send somebody to love and stay in this place.

Considering the times and the lukewarm condition of many, we consider it a huge miracle and an effort that only God, working with you and us, make it possible. Amen.

In all these months we have seen wonderful salvations, healings and most of all, restoration of Christians, who for some reasons have been through hard times, difficulties that weakened their faith and their love for God, several of them are back to the Fathers' house. Amen.

The help to the needy is and always will be one of our priorities. We believe that the Gospel must be preached with words and with giving hands.

All around are taking place too many tragedies, desperations and deaths, we have two options, one is to turn our eyes somewhere else and pretend that nothing is happening, and the other is to see the reality and do something about it.

And that is exactly what we are doing. *We are doing the possible, God will do the impossible.* We have seen this movie so many times, He is so faithful.

Not everybody is called to do the same, but we are all called to do something, and we are so deeply grateful to you, for helping and praying for us for so long. Thank you.

The net.

Never neglecting churches.

Donating blankets and clothing to the Indios in the mountains, no rain this year, no harvest, it is hard.

Loading a truck with all kinds of goodies and send to needy churches up on the mountains.

Donating Bibles to new converts.

The tent, still works to catch fishes
